DIV. OF OIL, GAS & MINING

Dear Mr. Baker

Enclosed herewith are various items of "paperwork" that we believe are adequate to support our request to DOGM for our "Application to Revise a Notice of Intention to Commence Small Mining Operations." This letter and the enclosures also are our reply to your letter of September 7, 2016 and constitute our request for "Release and modification of Cessation Order MC-2016-42-09." We believe we have complied in full with the requests made in your letter.

The additional surety bond amount—see our enclosed "Calculation of Bond Requirement" based on page 5 of DOGM "Surety Cost Estimating for Small Mines and Exploration" directive dated April 11, 2016—will be provided upon approval of our "request to revise" and the necessary approvals by DOGM which will lead to termination of Cessation Order MC-2016-42-09.

Please contact me at the above address or telephone number or at <xyzmining@hotmail.com> should you require additional information, or action on our part.

Yours Truly

SPENST HANSEN, MANAGER

UTM East _____ (if known) UTM North _____ (If known)

Name of Quad Map for Location: Eureka

2. **Location and Operations maps** must be plotted at a scale to accurately identify locational landmarks and operations details. All maps must include a north arrow, scale, appropriate labels, and title box including the mine name, township, range and section.
- a. The **general location map** must be the scale of a USGS 7.5 minute series map or equivalent (1"=2000') and identify new or existing access roads.
- b. The **operations map** (1"=200' or other scale as determined necessary by the Division) must be labeled and identify:
- i. The area to be disturbed;
 - ii. The location of any existing or proposed operations including access roads, drill holes, trenches, pits, shafts, cuts, or other planned activities; and
 - iii. Any adjacent previous disturbance for which the operator is not responsible.
- (Contact the Division for a list of consultants and land surveyors for mapping assistance.)
3. The proposed (5 acre or less) disturbed area (including access/haul roads) should be marked in the field ON THE GROUND with metal T-Posts (or with some other marker of equal effectiveness). Markers should be appropriately spaced so that the next marker in either direction is clearly visible with the naked eye.

III. **OPERATION PLAN** (Rule R647-3-106)

1. **Type of mining:** ☒ Surface ☐ Underground
2. **Mineral(s) to be mined:** Halloysite Clay
3. **Amount of material to be extracted, moved, or proposed to be moved:** _____
10,000 tons
4. **Will any water, liquid chemicals, reagents, or other solutions be used, produced or discharged as part of the mining or milling process?**
Yes ☐ No ☒ If yes, please describe (add extra pages if needed) _____
Absolutely not
5. **Provide a brief description of the proposed mining operation and onsite processing facilities (add extra pages if necessary).** _____
Open pit mining with bulldozer and track hoe. Loading trucks for transport.

APPROVED

FEB 10 2009

6. ■ **New Road(s):** Length N/A (ft) Width N/A (ft)
7. ■ **Improved Road(s):** Provide a description of the improvements that need to be made to existing roads to access the site, including the Length N/A (ft) and Width N/A (ft) of improvements.
8. Total project surface acreage to be disturbed: 8.97 (acres) PLEASE SPECIFY
EXACT ACREAGE - (this will be used to determine surety bond amount - see #VI).
9. Proposed startup date (month, year) March, 2009
10. Proposed completion date, if known (month, year) Unknown

IV. OPERATION AND RECLAMATION PRACTICES (Rule R647-3-107, 108 & 109)

The reclamation and operation obligation is to keep the area clean and safe, minimize hazards to public safety, return the land to a useful condition, and reestablish at least 70 percent of the premining vegetative ground cover. To accomplish this, the Permittee / Operator will need to perform reclamation concurrently, or at the completion (within one (1) year) of mining. Please refer to The Practical Guide to Reclamation in Utah, available at www.ogm.utah.gov.

1. *Keep the mining operation in a safe, clean, and environmentally stable condition.*
2. *Permanently seal all shafts and tunnels to prevent unauthorized or accidental entry.*
3. *Plug drill holes with a five foot cement surface plug. Holes that encounter fluids are to be plugged in the subsurface to prevent aquifer contamination.*
4. *Construct berms, fences, or barriers, when needed, above highwalls and excavations.*
5. *Remove, isolate, or neutralize all toxic materials in a manner compatible with federal and state regulations.*
6. *Remove all waste or debris from stream channels.*
7. *Dispose of any trash, scrap metal, wood, machinery, and buildings.*
8. *Conduct mining activities so as to minimize erosion and control sediment.*
9. *Reclaim all roads that are not part of a permanent transportation system.*
10. *Stockpile topsoil and suitable overburden prior to mining.*
11. *Stabilize highwalls by backfilling or rounding to 45 degrees or less, where feasible; reshape the land to near its original contour, and redistribute the topsoil and suitable overburden.*
12. *Properly prepare seedbed to a depth of six inches by pocking, ripping, discing, or harrowing. Leave the surface rough.*
13. *Reseed disturbed areas with adaptable species. (The Division recommends a mixture of species of grass, forb, and browse seed, and will provide a specific species list if requested.)*
14. *Plant the seed with a range/land or farm drill, or broadcast the seed. Fall is the preferred time to seed.*

V. VARIANCE REQUEST (Rule R647-3-110)

Any variance request must be approved in writing by the Division

Any planned deviations from Rules R647-3-107, Operation Practices, R647-3-108, Hole Plugging Requirements, or R647-3-109, Reclamation Practices, as summarized above (see IV. Operation and Reclamation Practices Item # 1-14), should be identified below listing applicable rule number. Give justification for the variance(s) and alternate methods or measure to be utilized. Written approval from the Division will be given, if the proposed alternative methods to be used are consistent with the Act.

Are variances being requested? Yes ☐ No ☒

1st Variance Requested

Item # _____ Applicable Rule # (i.e. R647-3-109.10 (if you did not want trenches & pits reclaimed))

Item # _____ Applicable Rule # _____

Justification: _____

Alternate methods or measure to be utilized: _____

3rd Variance Requested

Item # _____ Applicable Rule # _____

Justification: _____

Alternate methods or measure to be utilized: _____

Attach additional page if more variances are requested.

VI. SURETY (Utah Code Ann. §40-8-7(1)[c])

A reclamation contract and surety must be provided to and approved by the Division prior to commencement of operations. All mining operations are required to furnish and maintain reclamation surety to guarantee that the land affected is reclaimed (Utah Code Ann. §40-8-7(1)[c]).

The reclamation surety amount is based on the nature, extent and duration of operations. The amounts are based on data from current large mine surety and are used as a general guide, along with actual site conditions. Reclamation surety for small mines is reviewed every three (3) or five (5) years and adjusted as necessary for inflation/deflation based upon acceptable Costs Index. **Contact the Division for the dollar amount required for a three (3) or five (5) year period for this project.**

I have provided or will provide surety in the form of:

☒ Certificate of Deposit ☐ Letter of Credit ☒ Surety Bond (please identify) ☐ Cash (certified funds) undecided

Form MR-SMO
03132007

FEB 13 2009

Page 6

DIV. OIL GAS & MINING

ACCEPTED

DEC 12 2008

VII. **PERMIT FEE** (Utah Code Ann. §40-6-7(1)(i))

A permittee's authorization under a notice of intention to conduct small mining operations shall require the paying of permit fees as authorized by the Utah Legislature (R647-3-102.5). Permit fees are assessed to new and existing small mining operations, and annually thereafter, until the project disturbances are successfully reclaimed by the Permittee / Operator and released by the Division.

Small Mine Notices require a \$150.00 fee, which must accompany this application, or the Division cannot process it.

VIII. **SIGNATURE REQUIREMENT**

(Please check the box if applicable and place your initials on the line provided)

- ☒ I have enclosed the required permit fee.
- ☐ I have enclosed/requested a Reclamation Contract (Form MR-RC) and the appropriate reclamation surety amount or have made arrangements as to when the surety will be furnished.
- ☒ I understand that I am not authorized to create any surface disturbance until the surety amount is posted and approved in writing from the Division of Oil, Gas and Mining and any other authorized regulatory agency.

CERTIFICATION

I state under penalty of perjury under the laws of the state of Utah and the United States of America that:

- I have read this form and declare the information, statements and/or documentation are true, correct and complete to the best of my knowledge and belief; AND
- I commit to the reclamation of the aforementioned small mining project as required by the Utah Mined Land Reclamation Act (40-8) and the rules as specified by the Board of Oil, Gas and Mining.
- This certification must be signed by: (1.) an executive officer if the applicant is a corporation; (2.) a partner if applicant is a partnership (general or limited); (3.) the owner if applicant is a sole proprietorship; or (4.) the member or manager if applicant is a limited liability company.

Subject: Approval of Release Request and Reassignment of Surety, Northstar Clay Mines, Inc.,
January Mine Dump and Blackjack Mines, S/023/0100, S0230106, Juab County, Utah

Dear Mr. Hansen:

The Division of Oil, Gas and Mining approves your request received January 2, 2015, to release \$5500.00 of the reclamation surety being held for the January Mine Dump mine (S/023/0100) and apply this money toward the surety for the Blackjack mine (S/023/0106). This action reduces the reclamation surety being held for the January Mine Dump from \$7500.00 to \$5500.00 and increases the amount being held for the Blackjack mine to \$29,500.00.

By letter dated July 7, 2014, the Division required that the surety for the Blackjack mine be increased to a minimum of \$29,400.00. By transferring the assignment of this surety, the requirement to increase the surety for the Blackjack mine is fulfilled.

Enclosed with this letter are forms for amending the reclamation contracts for these two mines. Please sign these forms and return them to the Division.

Thank you for your cooperation. Please contact me at 801-538-5261 or Penny Berry at 801-538-5291 if you have questions about this letter.

Sincerely,

Paul B. Baker
Minerals Program Manager

SMALL MINING OPERATIONS PROGRESS REPORT
January 1, 2014 to December 31, 2014

The information required in this form are based on provisions of the Mined Land Reclamation Act, Title 40-8, and the R647 rules as under the Utah Minerals Regulatory Program. The report is due January 31 each year.

1. Mine Permit Number: S/023/0106
2. Mine Name: Blackjack clay mine
3. Name of Operator/Permittee: Northstar clay mines
Note: If Operator's address, company representative or phone number have changed, please provide a replacement page for the Notice of Intention together with form MR-REV available on the Division's web page at https://fs.ogm.utah.gov/pub/MINES/Minerals_Related/FORMS/MR-REV-SMO_EXP.pdf.

4. Report the gross amount of ore or product mined and waste moved

Gross ore or product mined 28,540 (amount) Tons (units)

Waste material moved est. 7,500 (amount) Tons (units)

Primary Commodities Produced Alumina clay ore

5. New disturbance created during the year — 0 — Acres
Area reclaimed during the year — 0 — Acres
TOTAL disturbed area at the end of the year 6 Acres*

*The total disturbed area should not be greater than the permitted and bonded acreage.

6. Briefly describe any reclamation work performed during the past year. Attaching a map showing disturbed and reclaimed areas is recommended (per R647-3-105).

No reclamation work performed during 2014

Note: To apply for full or partial bond/site release submit form MR-SITE available at the Divisions web page at https://fs.ogm.utah.gov/pub/MINES/Minerals_Related/FORMS/MR-SITE.pdf.

I hereby certify the information provided in this report is true and correct to the best of my knowledge and belief.
